ALLIED PLANES OVER GERMANY FRANCE & BELGIUM

Many Objectives Attacked:
Mines Laid In Enemy
Waters

LONDON, May 28.—More than four thousand tons of bombs were dropped in the course of widespread attacks on objectives in Germany, France and Belgium last night by a force of well over a thousand aircraft sent out by the R.A.F. Bomber Command. It was stated by the Air Ministry this afternoon.

LONDON, May 28.—The Bomber Command last night despatched well over 1,000 aircraft to attack many objectives in Germany, France and Belgium and lay mines in enemy waters. It is announced by the Air Ministry to-day. Twenty-seven aircraft are missing.

The 'communique' continued: "Heavy air attacks were made on Bourg-Leopold in Belgium. In Germany the main objective was a railway yard at Aachen. Bombers were also made on Berlin and Dueseldorf. In France the railway centre at Nantes and an airport at Rennes were severely bombed, and attacks were made on a number of military objectives on the French coast. Our aircraft had many combats with night fighters at least six of which were destroyed."

The air offensive was kept up when Allied aircraft roared out across the Straits of Dover in brilliant sunshine to-day.

(Bourg-Leopold, whose military depot was bombed during the night, is about 40 miles north-east of Brussels).—Reuter

U. S. BOMBERS PLASTER SIX NAZI TOWNS

LONDON, May 28.—Twenty-four B-24 Superfortresses, based at Ludwigsburg, Mannheim, Karlsruhe, Saarbrücken, Konstanz and Neunkirchen in Germany, were bombed to-day by 'Fortresses' and 'Liberators' of the Eighth United States Air Force, states the 'communique' from the headquarters of the U. S. Strategic Air Force to-night. The bombers destroyed plants at Strasbourg and near Metz were bombed. Thirteen German aircraft were destroyed by bombers and 38 by fighters for loss of 24 U. S. bombers and 7 fighters. 'Meantime, 'Mitchells' and 'Bostons' of the Allied Bomber Command, Force attacked targets in the same area. 'Marauders' of the ninth air force which heavily attacked four 'important' railway stations in Germany. France reported destruction of one span and serious damage to others. From these attacks in which more than 300 bombers took part, four 'Havocs' failed to return. 'Mitchells' and 'Bostons' bombed airfields at the French town of Evreux at leisure meeting no German fighter opposition.

TARGETS NEAR COLOGNE ATTACKED

LONDON, May 28.—Daylight air assault on Germany continued to-day when targets in the vicinity of Cologne in South-West Germany and synthetic oil plants and other targets in Central Germany were bombed by very strong forces of the Fortress and Liberators of Eighth United States Air Force.

After a thousand-plane night attack on Germany, France and Belgium waves of Allied bombers and fighters streamed out across the channel again throughout to-day.—Reuter

END OF CAMOUFLAGE

LAHORE, May 28.—At the resumed sitting of the Council, the Liaqat Ali Khan, Gen. Secretary of the All-India Muslim League, in the course of a brief speech, said that it was a matter of regret that the League had ended the seven years' period of camouflage in the Punjab. He exhorted the Muslims to strengthen the Muslim League so that they might assert themselves as a majority community in the Province and declared that the League had no secret or destructive programme. Qazi Mohammad Isa, who also addressed the Council, said that the sword-arm of India would be utilised to protect the legitimate interests of Muslims and other minorities in the Punjab.

Before the meeting adjourned Syed Ghulam Mustafa Shafi Gilani, Organising Secretary for Rawalpindi Division, announced that 36 Muslim members of the Punjab Assembly had so far joined the Muslim League Party and that one English and two Urdu dailies would shortly be organised by the Muslim League in the Punjab.

The Council also adopted a resolution of condolence on the death of Maulana Ullsher, Vice-President of the Malis Ahl-e-Hadith.

JINNAH AT TEA PARTY
SHINAGAR, May 28.—Mr. M. A. Jinnah was the guest of honor at a tea party given at Amarsingh Club by Mr. G. Ahmed, a local Muslim leader. About 200 guests were present.—A. P.

On the Pail-Tamu road we repulsed a small attack. A.I.R. U.S.A.A.F. heavy bombers of the Strategic Air Force, Eastern Air Command, on the 27th May attacked oil installations at Yenangyung and at Pakokku and Myawgyi (South-west of Pakokku on the Irrawaddy).

GANDHIJI TO OBSERVE MODIFIED SILENCE

Improvement In Health Maintained:
Christians Pray At Juhu Shack

BOMBAY, Sunday. In the absence of any health bulletin about Mahatma Gandhi on Sunday, Mr. Pyarelal, in reply to a press query, stated that Gandhiji's health "was somewhat better on Sunday than on the previous day". The Saturday report was that slight improvement in his health was being maintained.

The fortnight's phase of silence undertaken by Mahatma on medical advice, with the aim of ensuring better rest, will be broken at 3 p.m. on Monday (to-morrow). It is learnt that Gandhiji will observe for the next few days, a modified form of silence by which he will abstain from speech for a few hours of the day.

The whole-time silence of the past fortnight has done Gandhiji immense good, but it is necessary that he should avoid strain for the next few days—strain involved in listening and talking.

DEPARTURE UNCERTAIN

It is 17 days since Gandhiji arrived in the city. His plan was to spend a fortnight in Bombay, but the stay was extended due to pressure from doctors. The date of Gandhiji's departure is not yet fixed, as he is in close touch with Mahatmaji. Medical men who have been attending on him will have a say in the matter.

A report appearing in an English weekly of Bombay that "Maulana Zafar Ali Khan, M.L.A., Punjab Secretary of the Muslim League and Mr. Abdul Satar, Socialist leader of U.P., saw Mahatma on Saturday night" was officially contradicted at Gandhiji's camp. The report was characterised by persons in close touch with Gandhiji as "most misleading."

After a quiet morning on Sunday, Gandhiji listened for some time to music rendered on an uncommon instrument called Natarang—a pair of tin horns which produce melody the player keeping them on his neck. In the region of the windpipe, Gandhiji had his afternoon quota of devotional music also.

"Gandhi Gram" looked unusually crowded towards evening when more than 20,000 citizens trekked along the dust-laden road leading to the estate. Many people were seen entering the estate, but no one succeeded in by-passing the "observation post" with Mrs. Sarojini Naidu on watch. The public prayers were audible to every member of the mammoth congregation due to installation of loud-speakers.

NATIONALIST CHRISTIANS PRAY

A group representing the Nationalist Christian party entered Gandhiji's shack at 8.30 p.m. and offered prayers for the health of Gandhiji and for the peace of the country.

"We pray to Thee particularly at this hour," was a part of their prayer, "for our beloved country. O Thou guide and prosper the efforts that are being made to bring about communal and national unity."

League Expels Punjab Premier

Committee Of Action Charges
Khizr With Inviting Provincial
"Muslims To Revolt"

LAHORE, May 27. The Committee of Action of the All-India Muslim League has decided that Malik Khizr Hyat Khan Tiwana shall be forthwith expelled from the membership of the All-India Muslim League and shall be ineligible to become a member in future till the Working Committee of the All-India Muslim League remove this ban against him.

This decision is announced in the course of a lengthy statement issued by the Committee at midnight.

TEXT OF STATEMENT

The Committee of Action's statement says:—
The Committee of Action of the A-I. Muslim League, which met for three hours in Lahore to-day issued the following statement at midnight:—

The Hon. Malik Khizr Hyat Khan Tiwana, the Premier of the Punjab and a member of the A-I. Muslim League issued a lengthy statement on April 28 immediately after the breakdown of his conversations with Mr. M. A. Jinnah, the President of the A-I. Muslim League. In the course of this statement, Malik Khizr Hyat Khan Tiwana gave expression to views and made assertions which were not only diametrically opposed to the declared policy and programme of the A-I. Muslim League but constituted a grave violation of the fundamental principle of its constitution and rules and thus rendered himself liable to disciplinary action.

THAT STATEMENT OF APRIL 28. The Committee of Action when they met at Lahore on May 2 examined this statement with great care and picked out passages from it which in their opinion offended against the basic principles of the constitution and rules of the A-I. Muslim League.

They authorised Nawabzada Liaqat Ali Khan, the Convener of the Committee to draw Malik Khizr Hyat Khan's attention to these objectionable passages by means of a communication which was sent to him on May 3 and called for his explanation. It may be mentioned here that in this letter of the Convener not only those passages were reproduced in extenso but it was also pointed out to him how they contravened the aims, objects and rules of the Muslim League.

Malik Sahib sent his reply to Nawabzada Sahib on May 8 in which he 'inter alia' says:—
1. That the passages to which exception is taken had been isolated from the context.
2. That the Committee had not taken into account the background and the circumstances in which his statement was made.
3. That he had joined the Muslim League in pursuance of and subject to what he calls 'Sikander Jinnah Pact'.
4. That the Committee had not defined their attitude towards this so-called Pact and requested them to do so in order to enable him to offer further explanation.

These were in short the salient points on which he laid stress in his letter. The Committee will deal with these points at some length

CHINESE HIT BACK IN LOYANG

American Air Force Sinks Six
Boats In Yangtze

CHUNGKING, May 27.—Generalissimo Chiang Kai-shek's forces fired to-night hitting back at Japanese forces besieging Loyang while on the Yunnan sector his troops have recaptured all heights both north and south of the Namien Pass. With Japanese forces before the gates of Loyang, the Chinese staged a counter-attack and to-day advanced on all routes leading to the one-time capital of China.

Fighting has flared up in another sector of the China Front—southern Hupeh—where Japanese troops based on Tsun Yang attacked Chinese forces but were repulsed.

General Chenault's air force was active again yesterday striking at the Japanese in the Yellow River, the Yangtze and the Shanghai area. On the Yangtze a sweep by American aircraft left at least six river-boats loaded with troops burning and damaging five others.—Reuter.

Chungking Denies Madame Chiang's Visit To Moscow

CHUNGKING, May 27.—Denying a report that Madame Chiang Kai-shek had gone to Moscow, the Chinese Government in response to a representation urging upon him to oppose the Indian States Attachment Bill of 1944.

The reply states that the Secretary of State for India has promised to protect the interests of the people affected by the attachment and that the Bill is an urgent measure to overcome certain technical difficulties, which, says Mr. Sorensen, do not give an opportunity to secure postponement of the Bill.—A.P.

INDIA TROOPS SUCCESS

North of the route six Indian division troops captured three villages: Castrolcio, Caprile and Rocasecca. The village of Rocasecca with its ancient castle was occupied by Scottish troops while the other two villages were taken by the Frontier Force battalions. Indian troops including men of the Punjab regiment are across the River Melfa at a number of places in the hills and other men have penetrated deeper into enemy territory. Twenty-one prisoners were taken yesterday. The Liri Valley now is almost cleared although on the western edge there are still some enemy left. Mopping up of the Montecase hills by Eighth Army continues. The enemy forced to pull their artillery further back are now employing night bombers over the frontier. Greater concentration is shown by Kesselring over the beachhead Army's drive and vigorous counter-attacks with artillery and mortar preparation are in progress. Terrific Allied air-pounding of German rear areas is causing havoc to the enemy's withdrawal plans.

ASSAULTS ON TWO HEIGHTS

From Reuter's special correspondent with the Eighth Army, Sunday. British troops are to-day assailing two heights blocking Allied advance up Highway Six to the important communications centre of Arce. German parachute troops are making a determined stand on 1,000-foot twin heights of Mount Grande and Mount Piccolo and 1,500-foot Mount Orto, where Highway Six passes through a narrow defile. Anything pushing into the gap draws fire from German batteries in hills beyond the Arce.—Reuter.

Allies Occupy Sezze

Allied Headquarters in Italy, May 28. It is announced here that Sezze has been occupied. Sezze is 10 miles east across the Appian Way from Littoria. Its capture drives the Germans further back into the ridges behind the Pontine Marshes and continues the Allies' steady progress of the narrowing area in which Kesselring can manoeuvre to restore order among his harassed withdrawing forces.

Tank Wedges Driven

From Abdul Kalek Qureshi, Associated Press of India special correspondent with the Indian Division, Liri Valley May 27.

Following the battle of Cassino strong tank formations from the British and American Armies have hit north of the Liri valley, south of Valmontone, the heavily defended town on the Cassinian route to Rome. Another tank wedge has been driven towards Velletri along via Appia. In the Liri Valley after the capture of the Reservoir town of San Giovanni, the Eight Army of the British and Canadians of the Eight Army around the lake are facing bitter German artillery resistance. SASTRI AT IT AGAIN

MADRAS, May 27: The need for sending only the trusted representatives of the country, Mahatma Gandhi and Pt. Jawaharlal Nehru, who could speak with the whole of India's authority behind them, to any future peace conference was reiterated by Mr. Hon. V. S. Srinivas Sastri presiding over a public meeting to-night. If this privilege was denied, he would be led to think, he said, that the Britishers did not mean really to give Indians any benefit but merely wanted to maintain them in the same status where they were.

Mr. Sastri wanted that the Government at the Centre and in Provinces should be nationalised and stressed the need for general elections for that purpose. Mr. Sastri admitted that the first step to be taken by the Government was not the ordering of General Elections, but the releasing of the people who had been deprived of their freedom.

The next important point he wished to stress was that in future arrangement of the world every care must be taken to abolish 'colour bar'. For, no wars would be started. Let those at the Peace Conference beware that they do not allow the colour bar to exist; it was one of the greatest curses of the present time.

In conclusion, Mr. Sastri warned Australia, South Africa and Britain that they were playing with fire. Not many years would pass before India would make herself felt and feel with terrible effect. India would not tolerate any further stigma to be placed on her.—A. P.

HITLER YOUTHS TERRORISE POLISH CIVILIANS

LONDON, May 27: Gangs of Hitler Youths from 14 to 17 years old roam Warsaw streets as full-fledged members of the German Auxiliary Police, a Polish underground movement leader told Reuters special correspondent this week.

He said: "These boys are terrorising Polish civilians who fear them in some ways more than they do the Gestapo. Armed with revolvers and daggers they swagger about ordering Poles to show them their papers which they are usually unable to read and anyone who gives them the slightest excuse or provocation is mercilessly shot down without any sort of trial."

Extraordinary tales are told of cruelties inflicted by these young Nazis in some ways more than they do the Gestapo. They are given complete immunity for their attacks upon Polish civilians and there is never any question of their being punished for their crimes.—Reuter.

NEW SOUTH WALES ELECTIONS SURPRISE

SYDNEY, May 27: Mr. McKell (Labour Government) has been returned at the New South Wales elections. At the close of the count to-day, Labour secured 51 of the total 90 seats and a forecast of the final position gives Labour 56 (the same number as in the last Parliament). The Labour candidate, Mr. Frank Burke was surprisingly defeated by the Lang State Labour Party candidate, Mrs. Lillian Fowler.

A Cabinet reshuffle, involving admission of new Ministers, is expected. The present Ministers whose inclusion is doubtful are J. M. Raddel, Deputy Premier, Colonial Secretary and Secretary for Mines, C. R. Ewart, Education, W. F. Dunn, Agriculture and Forests, and C. C. Lazzarini, Assistant Minister.

QUINACRINE TABLETS FOR CALCUTTA

Question Of Licence
From Our Correspondent
LONDON, May 27: With reference to Mr. Lazzarini's speech made at a meeting of the Socialist Medical Association, I understand the firm of Messrs. May and Baker have offered to supply a million tablets of quinine to Calcutta Mayor's Famine Relief Fund (through the Indian Famine Committee London) Chairman Mr. W. G. Cove, M.P.). But it is stated that the authorities take the view that India's total requirements for synthetic anti-malarial drugs are being met promptly and satisfactorily by the Ministry of Supply, therefore it cannot see its way to grant a licence to Messrs. May and Baker and make this gift. It is pointed out if Messrs. May and Baker make this gift, it could only be made to the detriment of their contracts for the supply to the Indian Government during 1944.

Gurkhas Too Claim Minority Concessions

DARJEELING, May 23: "We Gurkhas who have for generations been living in British India and whose sacrifice and contribution in men, afford and services in the War are not unknown to the World, should not have been denied the right to be known as the subjects of British India and our claim as a minority community to special seats in the legislatures should not be ignored by the authorities." Thus observed Mr. Damber Singh Gurung, M.A., (Bengal), presiding over the first open session of the All-India Gurkha League.

Resolutions were adopted urging Government to recognise the Gurkhas of British India as a minority community and with a view to safeguard their rights and interests as such, demanded the amendment of the Government of India Act, 1935.

(2) Urging special representation of Gurkhas as a minority community in the National Government in the event of its formation in the near future (3) requesting the Government to nominate the Gurkhas in the Burma Rehabilitation Committee to ensure the safeguarding of the interests of the Gurkhas of Burma, now in India.—U. P.

MOVE FOR SETTLEMENT FAILS

SRINAGAR, May 26: It appears negotiations for bringing about a settlement between the National Conference and the Muslim Conference of Kashmir have broken down. Following the arrival of Mr. Jinnah in Kashmir on a holiday trip, prolonged talks went on between Mr. S. M. Abdullah, President of the Jammu and Kashmir National Conference and Mr. Ghulam Abbas, President of the Muslim Conference, for finding out a solution of the differences between the two Muslim parties in the State. The breakdown of the negotiations is stated to be mainly due to ideological differences between the two organisations.—United Press.

MUSLIM NATIONAL GUARDS' CHIEF

BOMBAY, May 23: The Committee of Action of the All-India Muslim League has appointed Nawab Siddick Ali Khan, M.L.A. (Central), as Salar-e-Ala (Chief of the All-India Muslim National Guard). Nawab Siddick Ali Khan will be touring the country and his tour commences with a first visit to Bombay on the 25th instant as Salar-e-Ala. He will be staying in Bombay only for a day. He proposes to leave Bombay for Lahore on the 26th instant by the Frontier Mail.—A. P.

FATHER & SON ARRESTED ON FRAUD CHARGE

JULLundur, May 26: Gurdit Singh, a Jat of Alawalpur, and his son, Rajender Singh, were arrested by the C.I.D. police on a charge of fraudulently receiving money from the Burma Government. They were escorted to Lahore and enlarged on a bail of Rs. 3,000 each, with two sureties of an equal amount. Their trial will take place in the Court of Pt. Chand Narain Magistrate (Class D).—United Press.

Sidamappa Chanasappa Yate, Maheshappa Homagunt, Ramgopal Lakshmanrao Kalani and Suresh Vishwanath Shindhi, all of Sholapur, for alleged breaches of clause 123 of the Cotton Cloth and Yarn Control Order 1943 and has suspended their licences pending the conclusion of the proceedings.

The Italian Government's formal salute to Allied troops in Italy marks a new phase in Government's efforts to align itself with the United Nations in active warfare, writes Reuter's special correspondent, Allied Headquarters in Italy.

PETTY FIGHT CAUSES DEATH OF BOY

BOMBAY, Friday. How a petty fight between small boys at Tadmazag which led to hard blows cost the life of a boy, was narrated by Mr. B. V. Gupta, Police Prosecutor when the inquest was held today at the Bombay City Coroner's Court.

Kamalabai, the aunt of the deceased stated that she saw the boy lying down unconscious and later found the boy dead. She was told by some boys he had fallen from the staircase but later she said that some sweeper boys had assaulted the boy.

A verdict of death caused by shock and internal haemorrhage due to rupture of enlarged spleen. The deceased and the two suspects were engaged in something like a school boy fight in the course of which he appears to have received a first blow which caused rupture of his spleen which was enlarged twice the normal size. This is in any case a simple case of assault," was recorded at the inquest held.

MAJLIS-E-ITTIHAD-O-TARAQI

A meeting of the Social and Economic Welfare Committee of the Majlis was held on Sunday last, with Mr. Adil in the chair. The Committee has decided to call a conference of social workers in the near future, in order to find out ways and means to achieve co-operation among all the institutions which are rendering Social Service. The Committee has also decided to visit all Mohallas and study the conditions of the people there and to endeavour to alleviate their grievances. The Committee will also try to secure employment for the unemployed. Those interested in the work of the Committee or require any service from it should get in touch with Mr. Noor Mohammad Merchant, Hon. Secretary or with Adam Adil, Chairman of the Committee, at the Majlis Office, Pals Manzil, Corner Doctor Street, Grant Road, Bombay.

IT IS NOW A QUESTION OF CIVIL LIBERTIES

MADRAS, May 27: "It is a significant commentary on the mind of the authorities who are never tired of saying that it is for Congressmen to review the position in the light of the developments in the country," say Mrs. Rukmini Lakshminath, Vice-President of the Tamil Nadu Congress Committee, and Mr. C. N. Muthuranga Mudaliar, Member of the Working Committee of the Tamil Nadu Congress Committee, in a statement on the Police Commissioner's refusal to grant permission for holding a meeting of Congressmen of the Province in the City on June 10.

They add: "Mahatma Gandhi's release has evidently made no change in the position at least so far as the Government is concerned. It is now for the public to take up the question of withdrawal of all such orders that infringe upon the fundamental civil liberties of the people."

U. S. Planes Bomb Shimushu And Matsuwu

WASHINGTON, May 27: American planes bombed Shimushu and Matsuwu in the Kuriles on Thursday reports the 'communiqué' from Admiral Nimitz's headquarters. The 'communiqué' said both raids took place before dawn and no opposition was encountered. A single plane was used in each case.

The 'communiqué' continued: "Ponape Island and Japanese objectives in the Marshall Islands were also bombed on the same day. One Corsair fighter made a forced landing near Wotje Atoll and its pilot was rescued.—Reuter."

VICEROY AT NAINITAL

NAINITAL, May 27: V. E. Lord Wavell accompanied by Lady Wavell visited Central Command Leave Hostels of military officers and soldiers and inspected their residential quarters for about two hours.—A. P.

D. M. SEN REPLIES TO COATMAN

LONDON, May 27: Writing from Trinity College, Cambridge, in today's 'Manchester Guardian' Mr. D. M. Sen replies to points raised by Mr. Coatman in his letter to 'The Guardian' on May 22.

To accuse the Congress or Mr. Gandhi, he says, of throwing open the gates of India to Japan is surely just blinding oneself to facts.

Mr. Sen adds: "Precisely because members of the Congress were aware of the stakes involved they wanted enough power to transform what looked an imperialist war into a popular war of liberation. They even offered to serve under a British Commander-in-Chief. All that they were offered, however, was a Viceroy's Executive Council with merely advisory powers. If the Government intends to end the deadlock now, is the best time to allow the detained leaders to meet, judging by Mr. Amery's recent statement, it seems a forlorn hope."—Reuter.

"TWILIGHT TEAR" WINS 10,000 DOLLARS OAK

NEW YORK, May 28: "Twilight Tear" won the 10,000 dollars mile and three furlongs Oaks Stake for three-year-old fillies at Belmont Park on Saturday, at the prohibitive odds of ten to one. "Dare Me" was second and "Plucky Maude" third.—Reuter.

a result of their actions two large
German transports were sunk in the
Gulf of Riga. Two other transports
totalling 7,000 tons were sunk in the

Need For Physical Culture Campaign

Nanasaheb Furanik's Plea At Poona Conference

Mr. G. V. alias Nanasaheb Furanik
presided over the 13th session of the
Maharashtra Sahitya Akademi, at
Shri. Parshad, held at Poona on
Saturday. In his address he said:

"The advance of physical culture in
Maharashtra is a great task before
us. Fortunately for us, we have
Sardar Mujumdar and Prof. Manik-
rao of Baroda and Sri. Swami Ku-
valayana of Lonavla have de-
voted their energies to this cause and
some of our Indian Princes also are
taking interest in it. So we may
hope to do something substantial in
furtherance of this cause.

In ancient times, our health and
physique were admired by foreign-
ers. At present, however, the condi-
tion of our health is miserable. The
average life of a man in India is said
to be only 27 years. Prof. Hill, an
English scientist, who visited India
recently, said while talking to news-
paper reporters that the foremost
problem in India was how to keep
every man in good health.

Col. Kantaprasad of Calcutta at-
tributes our present ill-health to the
following causes, viz., (1) Improper
school sessions (2) the growing po-
verty of the masses, (3) the lack of
sufficient playgrounds in cities and
(4) want of facilities for physical in-
struction.

ENGLAND AND JAPAN
Modern life full of feverish activi-
ty and excitement has to a great ex-
tent, impaired our health and phy-
sique. As a remedy for this, some
raise the cry "Back to Nature." That
looks rather panicky. I cannot say
whether life in the state of nature
will be beneficial or happy to us;
and assuming that it will be so, I
do not think that society will, here-
after, revert to that state of life.
Therefore, it is more practical to
find out some means to check the
evils in our modern life as it is, and
I for one, think that it is possible
to find out such means. Besides,
there are certain advantages in ci-
vilized life, which people like me will
not be prepared to forego.

REAL CHARACTER OF JAP IMPERIALISM

Parwani Explains Why Raja
Mahendra Pratap Did Not
Attend Bangkok Conference

KARACHI, May 27.
The fact that a so-called India In-
dependence Conference held at
Bangkok in 1942 opened the eyes of
Indians in the Far East to the real
intentions of Japanese Imperialism
is revealed in a statement issued by
Mr. Hunderaj M. Parwani, a promi-
nent Congressman of Sind, who es-
caped from the Japanese after many
adventures at Hongkong and Bang-
kok.

BRITAIN'S ATTITUDE
Mr. Parwani says, "I am rather
surprised to see that though the
enemy has actually set
his foot on the soil of
India, the masses of India have not
been roused enough as the occasion
requires, as if it is not Hindustan,
but Euzistan which is invaded by
the enemy. Such an attitude is real-
ly very strange.

WHOLE FACTORIES CAN
BE BLOWN UP NOW

LONDON, May 27: A new bomb
exploding nine-ten-thousandth of a
second after impact is being suc-
cessfully used by the Americans.
It was revealed by the Ordnance
Section of the Air Service Com-
mand in Britain. The bomb can
be timed to explode after pene-
trating the roof before burying it-
self in factory floor, thus assuring
destruction of whole factory.—Reuter.

his propaganda. The speaker de-
clared that the people of this great
country cannot countenance invasion
from an outsider, whosoever he may
be.

CHANGE OF MASTERS
"It is so very unfortunate that
some of our countrymen are so very
anxious for a change at this moment.
Change from freedom to freedom
is all right but let them realise that
it will only mean a change of mas-
ters and lying from the lying pan
into the fire."

"India might have heard of the
so-called Indian Independence Con-
ference held at Bangkok, capital of
Siam, in the middle of 1942.
I was present there myself and
had actively participated in the en-
tire proceedings of the conference.
It was here that I realised that to
expect anything like freedom from
Japan was moonshine, and that only
the blackest type of imperialism and
the worst type of slavery were all
that one should expect from Japan."

MAHENDRA PRATAP'S REFUSAL
"And let me inform my country-
men, for all it is worth, that an emi-
nent Indian leader, who has been
staying in Japan for the last ten
years or so, and who is acknowl-
edged to be a staunch lover of Indian
Freedom, had refused to attend this
Independence Conference at Bang-
kok in June 1942, though pressed
hard to do so. He was no less a per-
son than Raja Mahendra Pratap.
Evidently he knew the Japanese
better."

"May I, therefore, in all humility
appeal to the Nationalist India, es-
pecially the Indian National Con-
gress, to sink all differences at this
critical juncture in world history
and give a battle royal to the ag-
gressor, and adopt ways and means
to protect our hearths and homes
against the evil designs of the
enemy."—A. P.

Met by our fighters, the enemy planes
were scattered and their bombs drop-
ped. Twenty enemy aircraft were shot
down, of which 11 were bombers and
9 were fighters were shot down in
air combat. Two of our craft failed
to return.—Reuter.

In this connection, it will be use-
ful to see some of the schemes adopt-
ed in western countries. For ex-
ample, in England the National
Fitness Campaign and Family Health
Club have done good work. Great
care is taken of the students' phy-
sical development in schools. In
Japan also, special care is taken of
the physical culture of school-boys
and girls.

Very often, health-schemes are
limited to providing facilities of med-
ical help. But I think, the correct
health scheme will be that which
aims at improving the public health
to such an extent that there will be
few, who will ever require medical
help. The Government of India have
recently appointed a Health Survey
and Development Committee. Let us
hope that the Committee will re-
commend to the Government some
scheme to raise the general
standard of public health in India.
If physical exercises are planned
in such a way as to make them in-
teresting, then people will be indu-
ced to take exercise without exter-
nal compulsion. Swimming is such an
exercise. So we find that since the
starting of Mafatlal Gangaibhai
Swimming Pool at Bombay, many
people, who did not take any
exercise before, are now tak-
ing the exercise of swimming and
will probably wake up in the morning
to find that their health has consid-
erably improved.

The Half-Column "Dim"

To Evening Prayers a certain Bom-
bay Journalist brought his son aged
six. The boy sat next to his father
and cast his eyes around the crowd.
Then he caught sight of the Ma-
hima who sat immobile like a
statue of bronze clothed in khaddar.
The boy stared at the Mahatma for
a long time, then turned to his
father and asked who it was.
"That's Mahatma Gandhi," the
father said in a whisper.

"The boy kept silent for a while,
staring at the Mahatma who didn't
move. Again he turned to his fa-
ther and said: "Daddy, is he live?"

Which reminds one of the taciturn
Coolidge, one-time President of the
United States. Coolidge was known
for his expression. When he died
Dorothy Parker said: "Yes, but
how can you tell?"

Coolidge had a number of stories
told of him. Once when he had
returned from a Church service, his
wife asked him: "Have you been to
Church?"

"Yes," came Coolidge's mono-
syllabic reply.
"What was the sermon all about?"
his wife continued.
"Sin," replied Coolidge.
"And what did the person have to
say about it?" his wife anxiously
asked.
"He was against it," Coolidge re-
plied.

One more story of Coolidge, nar-
rated by a fellow-journalist (though
he didn't use them himself, I
don't know).

Coolidge was in a subway when a
man sat next to him. In the Ameri-
can manner of picking a conversa-
tion with a fellow-passenger, the man
turned to Coolidge, not knowing him
and said: "My name is John Smith"
(or whatever it was).

Coolidge nodded and said: "Mine
isn't."

infringed and then he will give further explanation if necessary. In fact, he bases his whole defence in the so-called Pact.

The Committee of Action never had any hesitation in defining their attitude towards this Pact but at the time the request was made the Committee considered it inadvisable to give their decisions piecemeal. Now that the Committee are in full possession of Malik Sahib's plea, which he urges in his defence the Committee proceed to record their decision on this as well as on other points on which he relies for his defence.

PUNJAB LEAGUE ASSEMBLY PARTY RULES

It has been observed in a previous paragraph that no copy of the so-called Pact has been supplied to the Committee by Malik Sahib. The Committee have, however, in their possession a copy of the rules of the Punjab Muslim League Assembly Party which this Pact is reproduced as an appendix. In the appendix its application is given as respecting this Pact, while the inscription immediately below reads as follows: "Sir Sikander Hyat Khan had consultation with Mr. Jinnah today after which he attended the meeting of the Council of the A.I. Muslim League by special invitation. At the meeting the following statement was made—

No Pact But Only Statement

It will thus be seen that the so-called Pact is nothing more than a statement which the late Sir Sikander Hyat Khan made at a meeting of the Council of the A.I. Muslim League held at Lucknow in October, 1937, in which he undertook to do certain things on his return to the Punjab.

How this simple statement became magnified into a Pact and how this sign-sounding title was bestowed upon this one-sided statement has not been made clear. Although Malik Sahib Hyat Khan does not state whether any resolution was passed by the Council approving or sanctioning this Pact, yet in fairness to Malik Sahib the Committee took the trouble of examining all the resolutions of the A.I. Muslim League since 1937 without coming across any resolution which would throw any light on it.

Unionists Ceased To Exist!

The Committee have, therefore, no hesitation in holding that the statement of Sir Sikander Hyat Khan is not, in the nature of a pact, but is at the most an undertaking or an assurance given by him to the A.I. Muslim League. As such, it is not binding on him. As soon as the Muslim members of the Unionist Party joined the League, the Unionist Party as such ceased to exist because of the defection of the vast majority of its members who had theretofore made themselves subject to the rules and regulations of the Central and Provincial Muslim League Parliamentary Boards and had thrown off the yoke of the Unionist Party. This did not mean, however, that there was any bar to the continuance of a Coalition with the then existing Unionist and Sikh Groups provided this was acceptable to the majority of the Muslim League members.

REPLY TO KHIZR

Having disposed of this issue which is the main prop of his case, the Committee will now briefly deal with other points raised by Malik Sahib in his defence. His first contention is that the passages quoted by the Committee have been removed from their context.

"DEFIANCE" BY PUNJAB PREMIER

The very first message from his statement to which the Committee objected was reproduced in full and has not been isolated in any way. Malik Sahib in tracing the history of the Unionist Party says that the late Sir Fazl-i-Hussain was opposed to communal parties and would not brook outside interference in Provincial matters and then he goes on to say that he is in complete agreement with these views and appeals to the Mussalmans of the Punjab not to tolerate outside interference and refused to be divided among themselves.

This statement amounts to an open defiance by Malik Sahib of all the aims and objects of the organisation.

to which he says he still belongs and to whose creed he professes to be true.

He forgets that the A.I. Muslim League by its constitution is purely a communal organisation having its branches all over India, both inside and outside the Legislature and having the authority to direct and control their activities.

It is most unbecoming for a member owing allegiance to such an organisation to violate its basic principle in such a flagrant manner as has been done by Malik Sahib, who not satisfied with his own open defiance goes further and invites the Mussalmans of the Punjab to revolt against their national organisation. The Committee are constrained to observe that he has not been more honourable on his part to have resigned the membership of the organisation if he did not agree with its aims and objects than to try to disrupt it from within. He has committed a clear breach of discipline and it is most regrettable that the Committee can tolerate this. It must take effective steps to indicate its authority by putting a stop to such disruptive tendencies.

The second point in which Malik Sahib lays stress is that the Committee have not fully stated the background and the circumstances under which his statement of April 29 was made but beyond making the vague assertion he has not thought fit to mention them in any detail. He declined to take advantage of the suggestion of the Convenor to come

"TIRPITZ" BEYOND REPAIRS?

to Delhi and discuss the whole matter with the Committee face to face. In his second reply also he says that no useful purpose would be served by an oral discussion. The Committee are therefore, unable to understand how any circumstances could have justified Malik Sahib in taking up the stand that he did.

LEAGUE RULES

His third point is that he joined the League in pursuance of and subject to the "Sikander-Jinnah Pact" with which the Committee has already dealt. He says that he does not understand the significance of this claim for the Constitution and Rules of the A.I. Muslim League apply equally to all its members and no individual can join it with conditions and self-imposed terms. There are no two categories of membership. Rule 3 of the Constitution and Rules of the A.I. Muslim League which runs as follows:

"Every candidate shall become a member of a Primary League on payment of an annual subscription of annas two in advance, provided it is declared in the presence of the candidate will abide by the objects and rules of the League mentioned herein."

This plea has no force and only demonstrates his subservience to the Unionist ideals.

NO DOUBLE LOYALTY

The Committee have also examined the constitution of the erstwhile Unionist Party. Its creed is wholly different from that of the A.I. Muslim League. It is, therefore, quite impossible for any honest man to owe allegiance to one and the same organisation and at the same time to two parties with differing creeds. Malik Sahib's lip services, the share to the Pakistan ideal sound hollow particularly when viewed in the light of his statement and will not deceive any one who has been blessed with some understanding from the pages from his statement of April 28 which were quoted in extenso in the first communication sent to Malik Sahib on behalf of the Committee. It is quite evident that like the late Sir Fazl-i-Hussain he does not believe in communal parties or organisations, opposed to outside interference in the affairs of his Province. He calls upon the Mussalmans of the Punjab to resist such interference and refuse to be divided among themselves at the instance of any one. This statement must be remembered and heaped upon after his talks with Mr. Jinnah had ceased, who on behalf of the Muslim League was exhorting the Mussalmans to stand by the organisation and owe their sole allegiance to it in order to have an effective voice in the decision of the Government in the Punjab.

CHARGE AGAINST UNIONISTS

The Unionist Party in the Punjab was a pretence for keeping down the Mussalmans and making them subservient to the dominant Hindu group, which has since then exploited it for its own selfish purposes. It was this background which Malik Sahib would probably like the Committee to ponder over. How such a stand at this crucial moment could justify Malik Sahib in making these mischievous assertions is wholly incomprehensible.

Then again his emphasis on the fact that he joined the Muslim League subject to the terms of the so-called Pact indicates that his allegiance to the League is only a secondary affair and he does not regard his membership of the League as imposing any obligations upon him which he is in duty bound to carry out.

His defiance of the advice tendered to him on behalf of the Central Muslim League organisation is indicative of his recalcitrant attitude on the subject. The Committee have in the

previous paragraph shown that Malik Sahib has made no serious attempt to explain or explain the charges imputed against him. On the contrary he has been trying to sidetrack the issue by asking the Committee to decide their attitude to a matter which is not relevant in any degree to the present inquiry.

The Committee have, therefore, reached the conclusion that Malik Sahib in issuing the statement, containing the objectionable passages referred to above has contravened the policy and programme of the Muslim League and violated its Constitution, Rules, Aims and Objects and has therefore, proved himself unfit to be a member of this sole national organisation of the Mussalmans of India. The Committee, therefore, decree that Malik Khizr Hyat Khan Sahib Thana shall be forthwith expelled from the membership of the A.I. Muslim League and shall be ineligible to become a member in future till the Working Committee of the A.I. Muslim League is pleased to remove this ban against him—A. P.

LONDON BULLION MARKET

Messrs. Samuel Montagu & Co. have issued the following report dated April 1st—

GOLD

The amount of gold held in the issue Department of the Bank of England was unaltered at 424,712.

The Bank of England's buying rate for bar gold remained unchanged at 168.0d. per fine ounce, at which figure the above amount was calculated.

The gold output of the Transvaal for the months of January and February 1944 is given below, together with the figures for the corresponding months of 1943 for the purpose of comparison.

January 1944 1,029,398 fine ounces.

February 1944 969,017 fine ounces.

January 1943 1,074,754 fine ounces.

February 1943 1,011,672 fine ounces.

SILVER

The first three months of the year were quiet, with the price remaining unchanged throughout the period at 23-1/2d. per ounce standard for both cash and two months delivery. Purchases for industrial purposes connected with the war effort were well-maintained, and this demand was met mainly from official stocks, but with some offerings on occasion from production sources.

In Bombay, prices covered a wide range during the period under review. The lowest quotation was Rs. 117-2-0 per 100 tolas, equivalent to about 92d. per ounce standard, on January 12th, after which prices advanced steadily, the price accelerated towards the end of March by bear covering and speculative buying; the quotation on March 29th touched Rs. 140-0-0, which is equivalent to about 92-1/8d. per ounce standard and is a new war-time peak price.

An interesting report was received from Teheran on March 29th that about 16,000,000 ounces of silver had been sold through the National Bank of Iran to the Government of India. It was stated that the silver had already been forwarded to India.

According to information received from Bombay early in February, a new Government notification has been made to the effect that seven days will now be allowed for delivery of silver and gold instead of the two clear working days to which former dealings were limited by a notification issued last September.
